

Copilot + Power Deployment Accelerator

Accelerate AI Adoption with
Tailored Deployment Strategies

Overview & Problem Statement

Organisations are eager to harness the power of AI to drive innovation and productivity, but many face challenges in translating vision into execution. The Copilot + Power Deployment Accelerator is designed to bridge this gap. It helps organisations move from envisioning to implementation by delivering a hands-on, tailored deployment experience for Microsoft 365 Copilot and Power Platform solutions.

What to Expect

This workshop builds on the Copilot & Power Envisioning session and focuses on practical deployment. Participants will:

- Gain a deep understanding of Copilot 365 and its capabilities
- Build an adoption roadmap tailored to their organisation
- Define technical and functional requirements including security and governance
- Receive a proof of concept in their environment to quickly assess feasibility and value
- Develop joint plans and next steps with a clear timeline for implementation

* Trial licenses for Microsoft 365 Copilot and Copilot Studio may be available (not for all)

Who Should Attend

- AI Innovation & Transformation Champions
- Business & Technical Executives
- IT Pros, Security Leads, & Decision Influencers
- Adoption Change Management & Corporate Communications Representatives
- Functional Leaders & Users (HR, Sales, Marketing, etc.)
- Anyone wanting to know about Copilot

Duration

Customer commitment: Approximately 3–5 hours
