Why Insight for Microsoft HoloLens?

At Insight, we define, architect, implement and manage Insight Intelligent Technology Solutions™ that help your organization run smarter. Our strong supply chain optimization and workplace solutions combined with our data center transformation expertise and modernized applications keep business running, foster flexible work environments and put you at the forefront of innovation.

Here are a few ways we deliver compelling capabilities and meaningful outcomes with Microsoft:

- 25+ year partnership
- Microsoft's largest global partner
- 2018 Microsoft Worldwide Modern Desktop Partner of the Year
- 2018 Microsoft Worldwide AI Partner of the Year
- No. 1 Microsoft Global Services Provider License Agreement (SPLA) reseller

Meaningful connections designed to help you run smarter

At a time when technology is becoming the business, Microsoft has mastered the most innovative technologies to redefine productivity. Microsoft HoloLens is a first-of-its kind, self-contained Augmented Reality (AR) device that understands gestures and gazes while mapping your surrounding physical environment in real time. From simulating hands-on training scenarios to 3D modeling and product design, the HoloLens lets you experience a whole new dimension of work.

And as Microsoft's preferred reseller, Insight will help you adopt HoloLens into your environment as seamlessly as possible. With HoloLens, you'll enjoy:

- Video calls, personal computing, real-time data visualization & more
- Instant, untethered access to company information
- Easy implementation of various AR applications into your environment
- Remote collaboration and monitoring that improves employee engagement
